Name of Activities

23-24 Chinese Culture Play Together

Objectives of Activities

Objective:

1. To introduce Chinese culture through traditional Chinese performances.
2. To encourage children to actively listen and appreciate activities related to Chinese culture.
3. To foster a sense of belonging to China in young children.

Summary of Activities

During the activity, there was a flag-raising ceremony where the children participated in the salute. They learned how to stand, look at the national and district flags, and maintain silence as a respectful learning activity. Afterwards, the children enjoyed traditional Chinese performances. The performers demonstrated the art of spinning plates and playing with diabolos. The children were fascinated by the jugglers manipulating various objects, learning about the continuous throwing, tossing, and catching of different items using hand skills. They even had the opportunity to try manipulating the props themselves, experiencing the fun of juggling. This helped them understand the unique traditional folk art activities in China and fostered a sense of belonging to China.
