

Kindergarten Educational Scheme

School-based Learning Activity of Chinese Culture

Display Form

Peace Evangelical Centre Kindergarten

Name of School

23-24

School Year

K1

Grade Level

Name of Activities

Lions Nature Education Centre Visit

Objectives of Activities

1. To enjoy the experience of getting to know nature together with their peers.
2. To cultivate an attitude of caring for and appreciating nature.

Summary of Activities

Through this activity, children had the opportunity to explore trees and other plants using magnifying glasses. They collected different types of leaves and used a colour scanner to observe their colours. This activity provided them with a chance to connect with nature and to learn how to appreciate the environment.

Records of Activities (E.g. Children's Work / Photos / Videos of the activity)
